MAGNOLIAN

1955

Ex Libris

"Lest we forget" we, the Editors, have recorded the happenings of the school year in this "Book of Memories." We have chosen "Memories" as the theme because we hope fond recollections will flood your mind as you look through the pages.

Much work and worry, and also fun, have gone into the making of this annual. We hope you will like the new features of the book.

And now, we, the Editors, present to you————

The
Magnolian
bringing you
Memories
of
1955

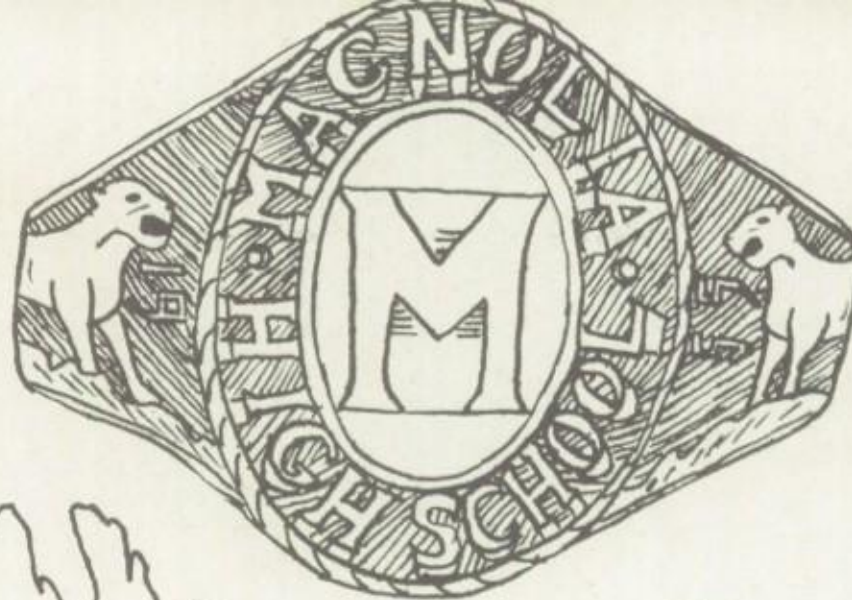

TO OUR PARENTS - - -

We dedicate our yearbook. To you, our parents, we offer this record of our hopes, dreams, and accomplishments.

We hope you will keep this record on the marquee of your minds, for all of it, each tiny part, each perfect whole is yours. You, our directors and producers, deserve top billing. When we didn't quite know our lines, or were missing some of our props, you provided them. You wrote the script, we merely acted our parts and we hope it pleases you.

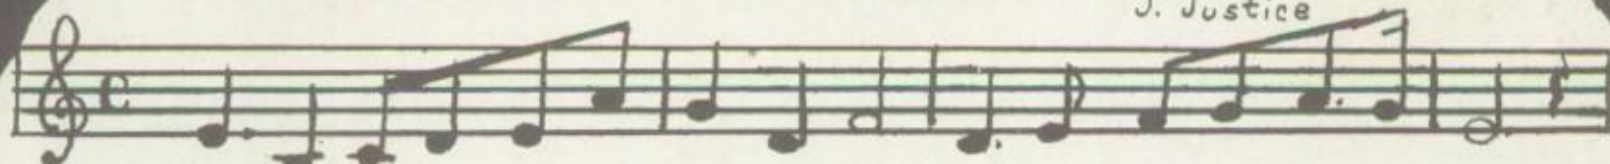

You kept us from covering our tiny imperfections with an excess of grease paint. You showed us how to revise the scene, to make it fit for production.

You were in the center of the stage, then as now, and you were in the wings cheering us on, making us stars, and for this moment we want you to take the spotlight and accept our undying thanks and gratitude.

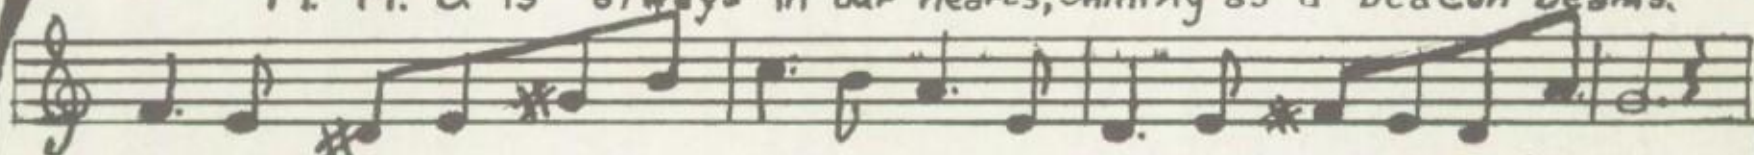

ALMA MATER

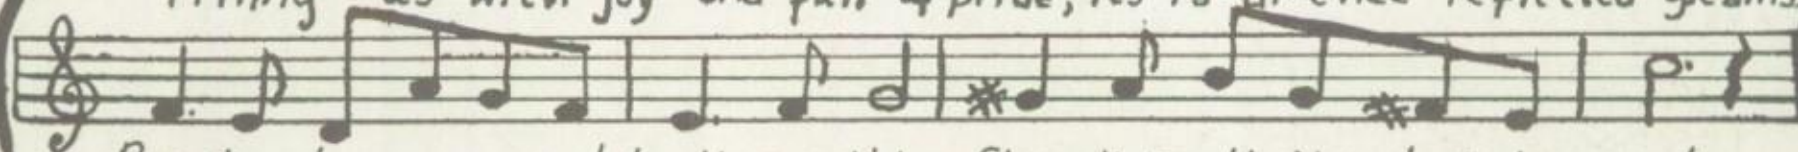

J. Justice

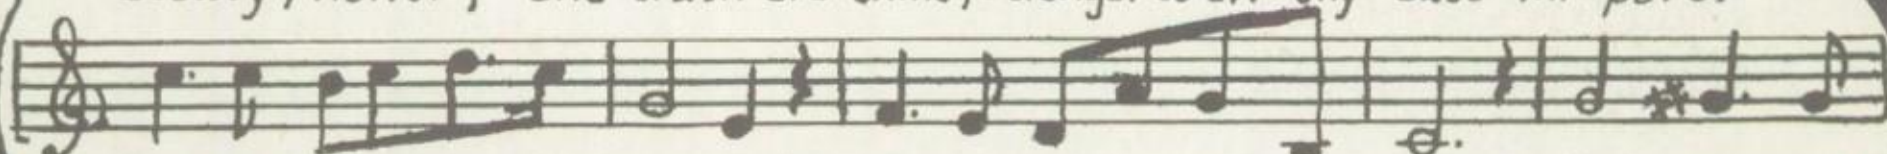

M. H. S. is always in our hearts, Shining as a beacon beams.

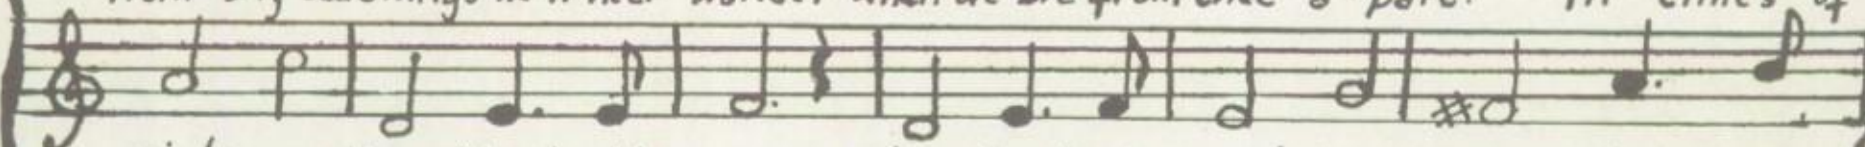

Filling us with joy and full of pride, its ra-di-ence reflected gleams.

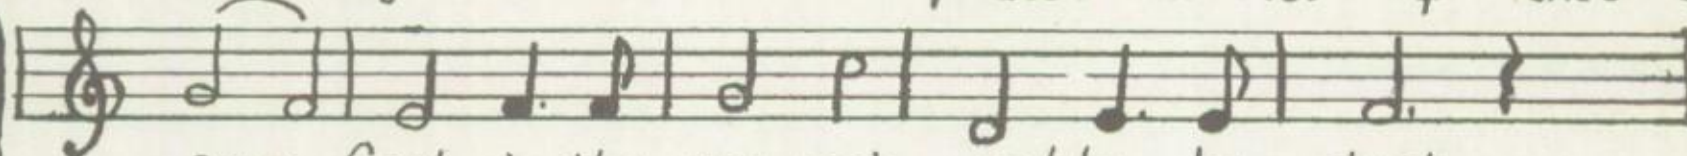

Beauty, honor, and truth are thine, Strength to all thy dust im-part.

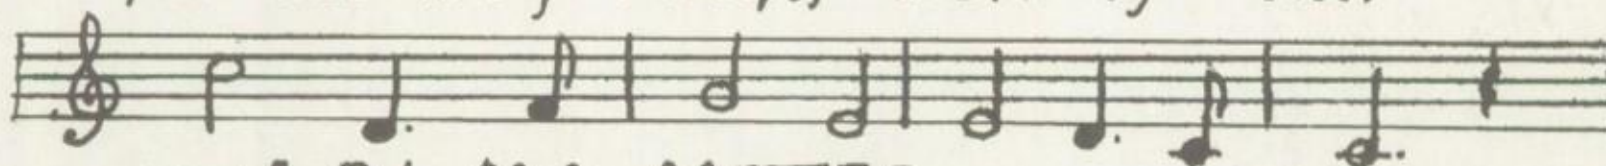

From thy teachings we'll neer wander when we are from thee a-part. In times of

si-lence, thoughts to thee run. Our fondest mem'ries of thee are

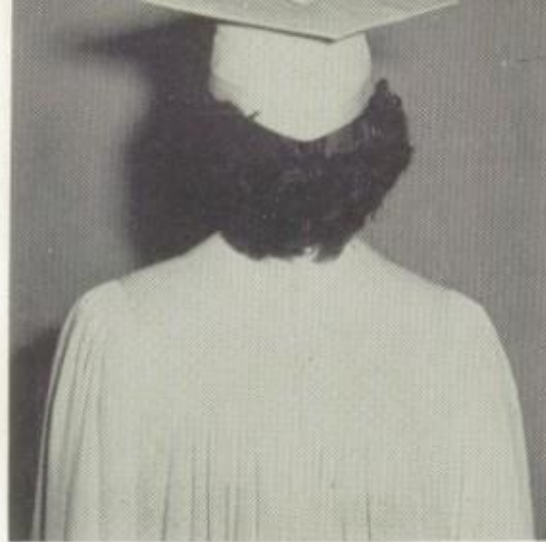

spun. Great in thy con-cept, noble by test.

Hail! ALMA MATER dearest and best.

MAGNOLIA PUBLIC SCHOOLS

OFFICE OF THE SUPERINTENDENT

MAGNOLIA, ARKANSAS

March 7, 1955

To the Students:

Public schools are based on the belief that everyone must be given an opportunity to develop to their highest capabilities under the circumstances. The Magnolia Schools are striving to offer opportunities for students to receive formal training in fundamental courses of study and provide situations where students may grow in leadership, faith and a knowledge of their responsibilities.

Confidence, ambition, self-respect, respect for others, and for law are essentials for a free nation. Democracy demands that one must learn to discipline oneself and retain right thinking and attitudes under trying and difficult situations.

If our school has helped you develop any qualities which will cause you to have a more satisfying and better life, we consider our efforts well spent.

Your success now and as future citizens is my sincere wish for you.

Sincerely,

R. H. Cole

MAGNOLIA PUBLIC SCHOOLS

OFFICE OF THE HIGH SCHOOL PRINCIPAL

MAGNOLIA, ARKANSAS

The Magnolia High School faculty members are aware of the fact that our students and our community are eager to have a high degree of learning in our schools.

Our school program is rich in extra-curricular activities. Our students are well behaved and their learning achievements compare favorably with those in the best schools in the southwest. We have one of the highest percentages of attendance of any school in our state and we have a low rate of failures and drop outs.

Our faculty members are in a continuous process of improving the Magnolia High School. Some day we hope to provide the maximum learning opportunities and a complete student activity program for every high school student in the district.

We want to take this opportunity to thank every student and parent for the wonderful cooperation that we have received in our school program during this and in previous years.

Sincerely,

Jack Clemens

BOARD OF

EDUCATION

Generally we think of the School Board as a group of men who devote their time and effort to the school and its problems. But they are also businessmen.

This year we have pictured these men in their places of business to give you some idea of their work.

C. Z. Couch, President of the Board, is pictured at his desk at the City Hospital where he is business manager. The Vice-President, Dr. Joe F. Ruston, is pictured at his clinic. C. M. Lewis, Secretary, is co-owner of Lewis and Kelly Men's Store. He is pictured in his office. Wade Willis is shown in the drug department of Willis Yates Drug Store of which he is co-owner. Cal Partee is pictured inspecting lumber at Partee's Lumber Mill.

How would you like for people to think you were a doctor, when you are not, and put you in an operating room to perform an operation?

Well, that's exactly what happened to Bill Jackson, when Angela Warren and he tried to collect \$50,000 from her uncle.

This is only one of the hilarious episodes in this comedy. Giggly Miss Finkledink, hateful Miss Holt, and hard-to-please Mr. Dodson, are only a few of the characters that keep this play funny to the end, and the audience rolling in the aisles.

There are three divisions of the department: Girls' Glee Club, Mixed Chorus, and Girls' Choir. All of these work together to present assembly programs for the enjoyment of the student body. The Mixed Ensemble, Girls' Ensemble, and Girls' Trio entertain out of town and for civic groups with the Mixed Chorus accompanying occasionally.

The Girls' Glee Club serves as a training group in elementary choral work. Many of its members are later transferred to the Mixed Chorus, which does more advanced work.

MRS. ARTHUR'S American History classes have a film once a week that helps them in the studying of their text books. They also clip articles out of the newspapers each week that relate to history.

MISS POTTS' Algebra classes are studying all about fractions and radicals. They learn to work difficult problems by using a formula and substituting into it to form an equation by which they obtain the answer.

MRS. UTLEY'S Home Economics classes are learning how to sew and cook. They have different projects to turn in that helps them in sewing. Besides these things, they learn to keep house by cleaning up the living room and kitchen in their cottage.

A student may take Agriculture for four years under the direction of MR. DODSON. In these classes, he is taught how to grow crops and raise stock. Many of the students have won prizes from their animals. He is also taught carpentering where the students build different objects for the school.

Senior Science, under the direction of MR. BOWLING, is a course that teaches you more about good health. This class has been studying about what happens to the food in your body.

This is one of MRS. MORGAN'S Biology classes. This year, they have been studying parts of the body, plants, and all about insects. In the studying of insects, each student dissects one to find the different parts.

If you want to find some information or just a book to read for pleasure, our Library, under the supervision of MRS. HARTLEY, is the place to go. There are several girls that work in it each period to help you check books in and out and find material. It is kept very quiet so you may read magazines, newspapers, or books found in the library.

These seniors in Senior English, taught by MRS. McLEAN, have just finished writing essays on the subject "How to Preserve American Freedom." Senior English is very helpful to students that are preparing for college or jobs.

Journalism Class, under the direction of MRS. DUGAL, is perhaps the busiest class in school. The class edits the school newspaper and annual and sponsors "The Varieties" night. There is always someone working on one of these projects.

MISS LEWIS' English classes, besides studying the fundamentals of English grammar are learning to make speeches also. Part of the nine weeks they spend studying literature.

The Study Hall, under the direction of MR. KENNEDY, has grown into one of the best places to study in the whole school and although each Study Hall period is very large it is one of the quietest rooms in MHS.

One of MISS CANNON'S Spanish classes are shown studying, in Spanish, the map of South America. During the year, they have learned the fundamental principles of the Spanish language.

OUR CHEERLEADERS

L. to R. Tappy Dickens, Head Cheerleader; Saradel Stevens, Bettye Dillard, Bette Van Pelt, Betts Shanhouse, and Glynda Howard.

Elected by the Student Body, these six girls never wavered in their pep and undying loyalty for their teams throughout the seasons.

Tappy served her fourth year as cheerleader for M. H. S. and Saradel and Bettye served two years on the cheerleading squad. Bette, Betts, and Glynda served their first year.

To be a cheerleader is a great honor, but there is also a good deal of work attached to it. These girls were responsible for the decorated goal posts and the blocked off areas at every home game. They were on the sidelines at every football game rooting for our football squad; and during basketball season their pep never died.

Second row, l. to r.: Covington, Furr, Faulkner, Jackson, Johnson, Hunt, J. Dodson, C. Dodson, Nipper and Tuberville.

Third row, l. to r.: Grace, Baber, Smith, Beck, Curry, Wood-

ard, Andrews, Wingfield, Wilson, Cassidy, Green, Prince and Johnson.

Fourth row, l. to r.: Shaw, Phillips, Holly, Greer, Carter, Miller, Lockette, Harvey, Glass, Smith and Baker.

Top row, l. to r.: Baker, Whitley (Mgr.), and White.

Magnolia Junior High's Cubs, with their lightest team in many years, won 3 games and lost 6 during the season.

The Cub line averaged 136 pounds per man and the backfield 135 pounds each.

The Cubs used 2 offensive formations, the split T of the Panthers and the short punt. Passing was the chief threat of the Cubs who had to take to the airways against teams which were far larger in size in all except 2 games. Passing accounted for 7 of the 8 touchdowns scored by the Cubs.

Ninth grade boys on the team were: Ends, Hen-

ry, Whitlow, J. Dodson, and C. Dodson; tackles, R. Woodard, Covington and Nipper; guards, Faulkner; centers, Williams and Prince; backs, Mason, Baber, Dickens, Hunt, and Beck.

Magnolia proved a popular opponent as Stamps, Hope and North Heights celebrated Homecoming with their Cub games.

The Cubs showed improvement in blocking and tackling during the season and were considered a better than average team at the close of the season.

They had a record of 3 wins and 6 losses.

The basketball season was a very successful one for the Magnolia High School Pantherettes this year. The girls contributed another trophy to the school by winning the annual Christmas Holiday Tournament. The Pantherette squad has five senior girls who are playing their last games on a high school team.

Coach "Chick" Austin put out one of the best teams in Panther basketball history. His squad had the ability and the team spirit that it takes to make an outstanding team.

Early in the season they fought their way into the finals of the Christmas Tournament, won the first Southern State College Tournament, copped the district tournament, and were defeated in their second game of the state tournament by North Little Rock, a pre-tourney favorite.

These boys set a new scoring record when they reached 101 points, but they could not be content with this and scored 105 points in a later outing.

They lost games and they won games, but as a whole, we couldn't have asked to be represented by a better group of boys.

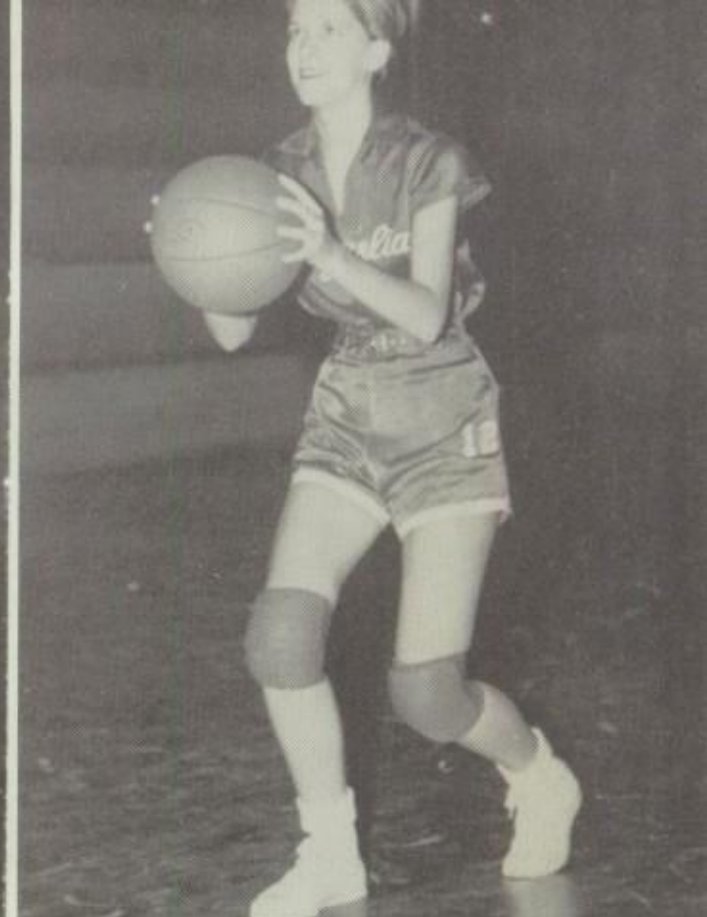

The B team under Coach Ralph Ross had a good season. Although they lost several games, they gained much in experience. The team was composed of sophomores and juniors who had the desire to play but lacked experience enough for the A team.

Going to the State Tournament, Franklin lost in the finals in his bid for the singles title, but he and Setliff again teamed to win the doubles trophy.

Spring comes and out comes the golf clubs. Golf becomes one of the most popular sports at this time of the year and many people can be seen chasing the ball over the course.

Lindsey's team composed of James Gill, Jerry Camp, David Blakely, and Poochie Baker won two meets and lost two in season's play.

Gill tied for honors as medalist of District 7E. The team of Camp and Gill placed second in the district meet and fifth in the state.
